

July 5, 2013:

Lydia Rose, General Manager, Jamaica Association of Composers, Authors & Publishers (JACAP)

Ms. Rose advised that JACAP, which is being restructured, is a Collective Management Organization for Composers, Authors and Publishers.

Discussions included JACAP's intention to review the Royalty rates.

MAJ suggested that they would need to approach media houses individually.

However, they would peruse the contract to determine whether the contract can be addressed via MAJ as a body.
